

Strengthening resilience by offering targeted national and local scientific and practical training activities for capacity building and awareness-raising of the risks and impacts of manmade disasters
GROWTH

NEWSLETTER n°5 – 3.3.2025

**Dear reader,
Welcome to the fifth newsletter of the GROWTH Project.**

We are delighted to share the latest updates and achievements of our project!

The partnership was involved in many communication and dissemination activities, such participation in conferences, meetings with authorities/stakeholders/local target groups, collaboration with other EU funded projects and working meetings.

Let's take a look!

SAFETY GALA ALBANIA Visioning the future: Human Dimension, Safety and Technology Nov 2024 Tirana where a parallel workshop was dedicated to the GROWTH project with presentations and talks

Co-funded by the
Erasmus+ Programme
of the European Union

This project has received funding from the European Union's Erasmus+ Programme: ERASMUS-EDU-2022-CB-VET call under grant agreement No 101092458

SCIENCE & PRACTICE IN DISASTER MANAGEMENT Conference, Thessaloniki, Greece, November 2024

A session on strengthening existing partnerships and exploring new ones Sharing resources and knowledge on best practices in disaster management between countries - GROWTH Program was held during the 2nd day of the conference.

Hellenic Conference on Occupational Health and Safety, November 2024

| | |
|---|---|
|  growtherasmus.eu 20 | Introduction to risk |
| | Risk management process |
| | Risk perception |
| | Risk communication |
| | Industrial accidents |
| | HAZMAT/CBRN incidents/Terrorist Attacks |
| | Understand the decontamination options at a HAZMAT/CBRN incident |
| | Understand the protection of responders and the safety of victims at a HAZMAT/CBRN incident |
| | Building Fire |
| | Confined space rescue |
| | First aid |
| | Pipeline Emergency Response |
| | Natural Gas (i. Understanding Natural Gas, ii. Response to Natural Gas Fires and Emergencies) |
| | Understand primary medical and psychological considerations in relation to Industrial/HazMat/CBRN incidents |
| Regulatory Framework of EU Civil Protection Mechanism NaTech Preparedness and Response (Earthquake-Technological Accidents) | |

Stay tuned (<https://growtherasmus.eu/newsletters/>) **for more updates as we continue to make significant progress towards our shared vision of a resilient and disaster-ready community. Together, we can build a future that is better prepared, safer, and more resilient in the face of manmade disasters.**

Thank you for your ongoing commitment and support.
